

And was able to relieve the problem. After a couple of days in the hospital, he was back to normal and home. Your quick action probably saved his life as his esophagus was full of compacted food. Parkinson's disease is secondary to his. Thank you again & thank you!

Dear Emergency Responders

Your kindness is special—
and so are you!

Thank you so much for your quick response and compassionate care and your husband's problem had a choking problem. The hospital moved him quickly into surgery.
