

WORCESTER COUNTY MEMORIAL PARK

We at Worcester County Memorial Park appreciate every day how dedicated our first responders are to the community to keep us safe!

We do know many times they have put their own lives in danger to protect ours.

Worcester County Memorial Park offers, Police, Fireman and EMS a free burial space. It is a pre-need program. It also provides a discount space for your spouse and protects your children until they are 21.

Please contact me for more information and I will be glad to meet with you at your convenience.
