

Every employed person at the
Holden Fire Dept,

Words would never be able to
express the gratitude that myself
& my family have for your
support assistance & love during
this very difficult time.
Many of you probably do not know
how much "Jimmy" loved being
part of this very unique Fire
Dept for 47 years. Jim was not
looking forward towards his ultimate
retirement from the Dept which he
would turn 65 on 6-13-50. I
never could grasp the concept of this
"brotherhood" until "Jimmy's"
untimely death. Now I get it!
Why you are all so special.
I tried to make it easier for Jim
to retire from the Dept in June
by enticing him with a "pig
roast" retirement party.

I did not want a "party", per
Say when he retired from the OPW,
but was willing to celebrate with all
of his colleagues & friends in June.
In a way, we did celebrate him at his
funeral & then the "party" at the Wang.

Thank you for being so thoughtful.

Jim loved you all respected you &
loved being part of this unique
"group".
His "brotherhood" was a help &
comfort to myself & my family.
During this very difficult time
the grandkids got to see just how
respected, loved & valued Jimmy
was being a "Holden Firefighter".
I always saw him as "grandpa".
You all have no idea how much
appreciation I have for all of you that
were there for me & the family & would
be at my house in minutes that
