

To Whom It May Concern,

First, we apologize for not getting specific names of the Fire and Police personnel who attended to my husband, and myself.

Second, we want to thank all those involved.

On the morning of Sat. March 19th my husband John, passed out on the bathroom floor. I called 911 and the Holden Fire and Police Dept. members responded.

We would like to take this opportunity to personally thank you all for your quick response, care and support during that

scary time for us. John, other than recovering from bruised ribs and some cuts and bruises is doing well. His doctor is monitoring his blood pressure, which was the cause of him passing out.

Can't thank you enough
for being so nice.

- it went too low.

Anyway, we couldn't let another day go by without thanking all of you who were involved. Hopefully, we will not need your services for a long time.
Sincerely, Carol & John Ryan
