

**MDA**<sup>®</sup>  
MUSCULAR DYSTROPHY ASSOCIATION

# Firefighters Challenge 2017

Dear Brother and Sister Firefighters

I would like to introduce you to a great bike ride for a great cause. As we all know the Fire Service has been a major supporter of the Muscular Dystrophy Association for over 60 years now. The Trans- NH Bike Ride was founded by a small group of Salem NH Firefighters who were sitting around the station table trying to come up with a different way to raise money and support MDA. They were successful the Trans-NH Bike Ride is celebrating its 30<sup>th</sup> anniversary this year.

If anyone in your department is a cyclist please forward this to them and consider posting within your department. Thank You!

If not and your Local would consider donating your contribution would go a long way to help those affected by Muscular Dystrophy and would be greatly appreciated.

(checks can be made payable to MDA and Mailed to Acton FD c/o B Carter)

For more information please feel free to contact me.

Thank you, sincerely

Brent Carter / Acton Fire Dept. Local 1904  
371 Main street  
Acton,MA. 01720
