

Massachusetts Emergency Management Agency

Course Announcement

Course Name: [ICS-300: Intermediate ICS for Expanding Incidents](#)

Course Purpose: This three day Incident Command for Mid-Level Management course is designed for supervisory and management level personnel who require advanced knowledge and application of the ICS. Intermediate ICS expands on Basic ICS. It provides more description, and detail of the organization, and operation of the Incident Command System, and the management of resources. It describes the duties of all positions including Air Operations.

- Course Topics:**
- ICS staffing and organization to include reporting and working relationships and information flow
 - Transfer of Command
 - Unified Command functions in a multi-jurisdictional or multi-agency incident
 - ICS forms
 - Resource Management
 - Interagency mission planning and procurement

Target Audience: Incident personnel, who work in a management or planning capacity in an Incident Command or Multiagency Coordination Center, expected to perform in a complex incident environment.

Prerequisites: ICS-100, ICS-200

OEMS Credits: 21

How to Apply:

All participants must register for the course using MEMA's online Training Registration System (TRS).
