

March 25, 2019

To whom it may concern,

Recently, our family experienced a medical emergency immediately following the snow storm on Monday March 4th. Not only did first responders of Holden Police and both Holden and Rutland Fire Departments respond immediately, but also Holden's DPW department, with their quick assistance in clearing the driveway of 10" of fresh snow in order for the ambulance crew to gain access to the driveway and garage. Through the efforts of all local first responders, we received immediate, professional, courteous and detailed attention to our medical emergency.

Our family feels truly blessed to have had them all at our side to ensure the positive turnaround we experienced. Without them, the outcome may have been tragically different.

This letter is a small token of our huge heartfelt Thank You to all of our first responders. May God bless you all and the work you provide to our community.

Sincerely,

The Lemoine Family
Jefferson, MA
