Dear Friends,

2 months ago today you picked me up at a walk-in clinic in Holden as I was having a "cardiac event."

The three EMTs were kind and helpful and I am grateful for the care they provided on the way to the hospital.

I had a stent inserted that day, and a second one a month later. But am now in rehab and doing better.

Enclosed is a small thank you for all you did for me that day. I feel blessed to have had you - ambulance take me to the hospital. Maybe you can buy some beer or something to eat.

Again, I am grateful for your care, thank you. Sincerely,

A handwritten signature in blue ink, appearing to read "Gregory Schmidt".
