

## **First Responder Specialized Dementia Training**

*Attendance offers 3 Continuing Education Credits approved through the Office of Emergency Medical Services*

First responders encounter daily challenges when responding to a scene involving a person living with Alzheimer's or related dementia. The goal of this training is to provide strategies and interventions for first responders to help them successfully respond to these challenges.

**This *free* 3-hour training will be held virtually on:**

Friday, December 10<sup>th</sup> from 8:30 am – 11:30 am.

Upon completion of this course, all participants will complete an evaluation and receive a Certificate of Attendance.

**Please RSVP to Sharon Loveridge, Director of Business Development at [sloveridge@SalmonHealth.com](mailto:sloveridge@SalmonHealth.com) to reserve your spot or receive the link.**
