

EVERSOURCE

Advanced Firefighter Training

The emergency responders in the Eversource service territory are crucial partners in ensuring the safe delivery of natural gas to our customers. As part of our commitment to first responders, Eversource offers a FREE advanced firefighter training with real life field exercises designed to train the firefighters how to safely respond to incidents involving natural gas.

Practical Exercises Include

- Blowing Damaged Gas Main
- Inside Leak Investigations
- Outside Leak Investigations
- Gas Migration
- Extinguishing Natural Gas fed Fires
