

Massachusetts Emergency Management Agency

ICS-400: Advanced ICS (ICS-400):

This two-day course examines the roles and responsibilities of the key command staff and general staff personnel who report to the Incident Commander or Area Command. Participants will develop an understanding of the key interactions, which must occur between members of the Command and General Staff in complex incident and event management. This advanced course bridges the gap between the Incident Commander, and State and Federal Multi-Agency Coordination Centers responding to a major disaster.

Course Topics:

- Major and/or Complex Incident/Event Management and Organizational Structure
- Area Command
- Multi-Agency Coordination
